Decadent Dining with Les Rêves Byzantins

Rosenthal meets Versace, the masters of expressive style, introduce ***Les Rêves Byzantins*** (Dreams of Byzantine), a luxurious new tableware and giftware collection now available in Australia.

This provocative new range echoes exotic influences from the Far East with ultra-modern style, to arrive at a truly timeless yet utterly contemporary collection.

Designed by Donatella Versace, *Les Rêves Byzantins* draws inspiration from the magnificent ancient era and legendary world of Arabian Nights, combining the opulent baroque motifs of the Maison with iconic symbols of medieval art.

To create the patterns dream-like world, the Arabian Crescent Moon alternates with golden arabesque graphics and lavish swirling leaves on a feminine pink background.

The stunning new *Les Rêves Byzantins* collection offers all the essential tableware pieces for decadent dining, as well as an array of individually boxed giftware items, including assorted Vases, Picture Frames, a Round Vanity Box, Footed Cake Plate and Votives.

Les Rêves Byzantins is now available from the Rosenthal department in selected David Jones and Myer stores nationally and from leading independent homeware retailers. For stockist information, please call 1300 852 022 or visit www.rosenthalchina.com.au
